

# Top 5 Business Ideas Prompt

## ChatGPT Prompt:

- "I want you to act as an expert in the field of **[Your Industry]** and I will act as a business owner that is seeking business and marketing insights. Please create a list of the top 5 business ideas I can pursue for **[Your Brand or Company]** that sells **[Your Offering]**. Please create one table with columns that rank the difficulty of the following on a scale from 1 to 10: How intensive it will be on company resources, time needed to complete the task, potential upside if the idea is a successful, target market, competitors, potential challenges, potential revenue streams, marketing strategies, initial startup costs, ongoing expenses, social impact, scalability, and other factors I haven't thought of. All of the information you provide should be in tabular format."
